

***Ricker's***

replenish

PUMP HERE.  
PLANT TREES.

When you choose to fill up at Ricker's, you're not just choosing our best gasoline. You're choosing to support a local, family-owned Indiana business that employs more than 800 Hoosiers. You're also choosing to help replenish and create a positive impact on our environment. That's because every time you fill up\* at one of our participating Indianapolis locations, we're donating a portion of every gallon to planting trees and carbon offset programs to help reduce your tailpipe emissions. Making our city cleaner. And greener.

ARE YOU PLANTING TREES  
EVERYWHERE YOU FILL UP?

\*Not a BP Inuigorate® fuel.

Ricker's Replenish is a unique reduced emissions program! Visit **RickersReplenish.com** to learn more about how we're helping the environment.
